RF-4200-01-1

Personlig tryghedsalarm som bæres som armbånd, eller som vedhæng. (Tilbehør medfølger) 433MHz-63, hvid

Overview

The Wireless Personal Panic Device features an updated design that is both chlorine- and UV-resistant for long-lasting and reliable performance. In addition, the Panic Button is water-resistant and functions as a wireless device used for activating police, fire or auxiliary alarms throughout the premises.
When the panic button is pressed, the LEDs on either side of the button will blink and an alarm signal is transmitted.
The status of the battery is sent in every transmission, and the battery is field-replaceable. The panic device comes configured as a wristband, but can easily be configured as a pendant (accessories included).

Detaljer

- Activates police, fire or auxiliary alarms
- Works with all 433 MHz compatible panels
- Water-resistant rating to IP68
- May be configured as a pendant

RF-4200-01-1
